INTRODUCTION, LOGGING IN AND LOCATING SUPPORT

Logging In

First thing you are going to need to do is open your web browser.

Now browse to our Compass portal (<u>https://gssc-vic.compass.education</u>).

When you started with the school you should have been issued with a username and password for the school's computer systems. This will be your student number and a password you would have been asked to set yourself.

Enter that username and password combination here.

If you do not have or cannot remember these credentials please call the schools IT support line on (03) 5858 9888

Locating Support Guides

Along the top of the screen you will see a row of icons that have drop down menus.

The one we are looking for here is the Community icon. It looks like two people. Let's hover over that one.
