

Year 11 subject selection for 2022

Please note the following update regarding the subject selection interviews scheduled for this week:

- Subject selections will now occur remotely on Wednesday and Thursday. A course counsellor will make contact with students and their parent/guardian via Teams at the appointment time that was made.
- Please have the following documents ready for your appointment:
 - Your subject selection sheet (pre-filled with your subject choices and your USI/personal details on the front)
 - Senior Course Handbook
 - VCAL expression of interest
 - The English/Maths advice sheet
- Students can access all the documents listed above (to print at home) and resources to help with decision making at this link (<https://www.gssccareers.com/custom-page/1>)
- If you have not yet booked in for an appointment, you can do this via your Compass dashboard (see attached instructions). Please call 48045600 if you are experiencing difficulty and a staff member will make the booking for you.
- Students won't have been able to get teacher signatures on the subject selection sheet. Instead we ask that on Teams they contact each of the teachers and ask them if the subject they want to do is suitable OR seek their advice about what they recommend. They can reach out to those who teach a certain subject to find out anything more they need about it.
- Paperwork (selection sheet, VCAL expression of interest and Career Action Plan) will have to be handed in on our 1st day back on campus. At this stage, we are still determining with GoTAFE how applications for VET will be received by them, while VET studies at GSSC can be entered at the same time as your other subject choices.
