

Dear all

GV Health is proud to be helping Victorians to get vaccinated and protect ourselves, our families, our friends and the rest of our community from getting sick with COVID-19.

We have arranged for priority vaccination access at extra evening sessions at the McIntosh Centre, Shepparton Showgrounds. These will not be for the general public, just for **the school community**, unless we are struggling to fill the session. We will continue these for a number of weeks.

When:

- 4-8pm Wednesday and Thursday nights from 1<sup>st</sup> September

Where:

- The McIntosh Centre at Shepparton Showgrounds

Who:

- All 16-18yr olds plus the people that they live with
- Teachers and all school support staff

What:

- Vaccine brand will be offered inline with the Victorian guidelines, generally Pfizer for those aged 16-59 and AstraZeneca for those aged 60 and over
- Second doses will be booked with a view them not impacting upon exam time

How:

- These evening sessions are not available yet via the Hotline or online booking service
- To book into them **please text your details** to one of these mobile numbers, we will then call you back and book you (and your family if required) in for a vaccination
  - o **0429 634 426** or **0429 353 740**
- Please include these details in your text:
  - o Full name
  - o DOB
  - o Eligibility: student, teacher etc.

If you cannot make it to the McIntosh Centre at these times, then you can see one of many GPs that are offering vaccinations locally or go to one of our other locations in the Goulburn Valley area:

- |   |                                |
|---|--------------------------------|
| • Kyabram District Health Service<br>(AstraZeneca only) | • Mansfield District Hospital  |
| • NCN Health - Cobram                                   | • Kilmore District Health      |
|   | • Seymour Health (Pfizer only) |

To book into an appointment other than these evening sessions you can:

Phone: 1800 675 398

Book online at: [www.coronavirus.vic.gov.au/book-your-vaccine-appointment](https://www.coronavirus.vic.gov.au/book-your-vaccine-appointment)
